

Night In Tunisia

Words & Music by Dizzy Gillespie, Jon Hendricks

The moon is the same moon a - bove you, — A-glow with its cool eve-ning light. But

shin-ing at night in Tun - i - sia, — Ne-ver does it shine so bright. — The

stars are a-glow in the hea-vens — But on-ly the wise un-der - stand That

shin-ing at night in Tun - i - sia — They guide you through the des - ert sand. —

Words fail to tell a tale_ too ex - o-tic to_ be_ told. — Each night's a

deep-er night_ in a world_ a - ges old. — The cares of the day seem to van-ish. — The

end-ing of day brings re - lease. Each won-der-ful night in Tun - i - sia —

where the nights are filled with peace. —
